CAREER OBJECTIVE

Passionate Junior Full Stack Developer with hands-on expertise building modern, performant web applications with **React.js**, **Next.js**, **Node.js**, and **MongoDB**. A Computer Science graduate from Bangladesh University (CGPA 3.67 / 4.00) with proven professional experience as both a Volunteer and Consultant in ICT Support at UNESCO Dhaka. Dedicated to writing clean, maintainable, and accessible code with strong attention to UX. Seeking a full-stack or frontend engineering role to deliver high-quality digital products and contribute immediate value.

TECHNICAL SKILLS

Languages:
JavaScript (ES6+), HTML5, CSS3, C, C++, Java, Python

Frameworks & Libraries:
React.js, Next.js (App Router), Node.js, Express.js, Tailwind CSS, DaisyUI, Bootstrap 5

Databases & Authentication:
MongoDB, MongoDB Atlas, Firebase Authentication, BetterAuth, REST APIs, JWKS/jose

Tools & Deployment:
Git, GitHub, VS Code, Vite, npm, Postman, Vercel

PROFESSIONAL EXPERIENCE

Consultant – ICT Support
UNESCO Dhaka • Dhaka, Bangladesh
15 May 2025 – 30 Sep 2025

- Managed day-to-day ICT support operations across all teams at UNESCO Dhaka, troubleshooting hardware, software, printing, and network infrastructure.
- Configured workstations, operating systems, and preventative hardware maintenance while managing digital email systems and ICT stability.
- Coordinated audio-visual setups and live technical operations during high-level meetings and national/international workshops.

Volunteer – ICT Support

3 Nov 2024 – 3 May 2025

UNESCO Dhaka • Dhaka, Bangladesh

- Delivered hands-on IT support to staff members, diagnosing computer hardware, operating system updates, software setups, and local network issues.
- Assisted the IT department with workstation assembly, equipment deployments, and multimedia conference room preparations.

FEATURED PROJECTS

StudioSpace – Creative Workspace & Studio Booking Platform

Live Demo • GitHub Code

Tech Stack: React, Vite, React Router, Tailwind CSS, Swiper, Firebase Auth, Node.js, Express.js, MongoDB Atlas, Vercel

- Engineered an hourly studio booking marketplace with real-time double booking prevention via server-side slot overlap checks (HTTP 409).
- Implemented token authentication without service account secrets using jose verified against Google JWKS with strict ownership validation on delete/update routes.
- Built a host portal for listing creative spaces, category and price filtering, and customer reviews with rating calculations.

BazarDor (বাজার দর) – Daily Essential Commodity Price Tracker

Live Demo • GitHub Code

Tech Stack: Next.js (App Router), Tailwind CSS, DaisyUI, BetterAuth, MongoDB, react-hot-toast

- Created a daily grocery market tracker highlighting rising/falling trends with real-time percentage indicators.
- Implemented protected product detail views with BetterAuth session management on the Next.js App Router.
- Built a smooth continuous horizontal price alert ticker and dynamic sorting (top 6 increases/decreases).

EDUCATIONAL QUALIFICATIONS

Bachelor of Science in Computer Science & Engineering (CSE)

2018 – 2022

Bangladesh University • Dhaka, Bangladesh

CGPA: 3.67 / 4.00
